Committee Reports

The Nominating Committee has made excellent progress toward putting together a slate of nominees for the TIC 2013-2014 Board. Three people responded to the email request for volunteers. We could use suggestions for Vice President and Treasurer, in particular.

Big Ten – Susan Haney

--Patricia has created an online questionnaire to get information from the other schools. It will be used instead of a paper version.

--They are working on breakout sessions and tours.

--An email is being sent out to people who attended the last conference.

--Rutgers University and the University of Maryland have joined the Big Ten. We do not have information about similar clubs at those institutions.

Old Business

Ad Hoc membership Committee report – Sandy Camargo

--One of the things we learned from last year's survey of current and former members is that newcomers could benefit from having a mentor to help them get the most out

of club membership. A club mentor might accompany a new member to an interest-group meeting or invite the newcomer to sit at the same table at the Scholarship Brunch, Spring Luncheon, or other group gathering. We are asking current members to volunteer. Those interested in volunteering to be a mentor should contact Sandy at membership@theillinoisclub.org.

Elisa Mustari presented the results of the membership survey in color bar charts, which illustrate the data visually.

New Business

Susan Haney reported that a bride-to-be has inquired about obtaining Fu Dog tiles to give out as party favors at her wedding. Susan will look into the possibilities and discuss arrangements for an appropriate donation with the bride.

The next board meeting will in April, with details to be arranged.

The meeting was adjourned.
