## From the P resident...

Welcome to a new academic year and new year with the Women's Club of the University of Illinois. The Women's Club has been active since 1906, an impressive accomplishment through the years, and has contributed to the quality of life at the University and in the community. In addition to service, scholarship, and education being hallmarks of the club, providing activities to promote friendship among our members is especially important. Our many interest groups offer opportunities to meet and bond with women we might never have known except through our membership in the Women's Club. Working on projects, touring interesting places, enjoying games or experiencing special dining moments are just a few of the activities that have brought about new friendships for so many involved with the University.

Our club is unique in that the membership includes both male and female faculty, staff and spouses from all academic, research, administrative and extension areas of the University. In addition, members often offer their time and talents in service to the community and extra university projects. Also, each year the club awards student scholarships that are supported by contributions, bequests, memorials and fundraising projects.

What strength and versatility are available in this wonderful organization! I have been so impressed with the quality of friends I have found in the Women's Club, and I so enjoy hearing of the incredible diverse and impressive lives that they lead. The 24 women serving on the board are to be commended for the giving of their time, talents and experience to our benefit. They are a genuine and devoted group of intelligent women who offer not only friendship but support and encouragement as I struggle in a leadership role. One could not ask for a better bunch of "fellow citizens"! I am honored to be on the board of this exceptional organization!

This promises to be a banner year of activity and interesting interactions for us all. Knowing of the exciting planning being done in board meetings, I hope all can attend as many of the upcoming luncheons and tours as possible. I happen to know this year's program and tour planners, Diane Dold, Bonnie Sprague and Shirley Walker, are bursting with ideas and enthusiasm. They are sure to whet your appetite with their wonderful plans. Welcome to the new year for the Women's Club at the University of Illinois!

Sincerely, Stephanie Price, President 2001-2002

## Big Ten University Women's Conference

Delegates Diane Dold, Helen Burch, Dorothea Smith, and Stephanie Price represented our U of I club at the Big 10 Conference of Women's Clubs at Michigan State.

The Big Ten University Women's Organizations conference was held June 8-10, 2001, on the campus of Michigan State University. Delegates from Women's Clubs met to learn from each other and to share ideas. Stephanie Price, Diane Dold, Helen Burch, and Dorothea Smith served to represent the University of Illinois.

An enjoyable highlight of the conference was a tour of the Horticultural Demonstration Gardens, one of the largest in the U.S. The Michigan 4-H Children's Garden was featured in the April 2001 Midwest Living Magazine. This garden is highlighted by an "alphabet" garden, with a flowering plant for each letter; a cereal garden to show the children how their favorite breakfast foods begin; and a replica of Monet's garden-complete with the turquoise-painted bridge and lily pads floating in the pool.

The Kellogg Center housed the delegates and provided pleasant rooms as well as delicious meals--not surprising, since the Center trains students whose major is hotel and restaurant management.

During the busy weekend, representatives were treated to many interesting events, including a program on quilts, a talk by a professor from the National Food Safety and Toxicology Center, and a personality assessment seminar using color preferences to determine which of four leadership "styles" was predominant for each individual.

At the Saturday evening dinner, each table had a centerpiece from one of the represented schools, describing their interest groups or whatever theme they chose. All events were interesting, timely, and well-planned. The Michigan State Faculty Folk Club did a superb job and is to be congratulated.

The next conference will be in 2003 with the Northwestern University Club as host.

### INTEREST GROUPS 2001-2002

One of the most rewarding aspects of participating in the Women's Club is belonging to one or more interest groups.
