

Tour the Newly Renovated Natural History Building

1301 West Green Street, Urbana

Wednesday, February 7 at 5:15 PM (Note slightly later time)

Cost: Free

Optional no host dinner at The Bread Company, 706 S. Goodwin, Urbana.

Join us for a tour of the recently finished, completely renovated Natural History Building, one of the earliest and most iconic buildings on campus. We are privileged to have **Steve Marshak**, director of the [School of Earth, Society, and Environment](#) and member of The Illinois Club, lead the tour. Steve can provide us with great insight as he not only worked in the building for 30 years prior to the renovation, but was also chair of the committee of unit heads and faculty who worked closely with the architects and engineers.

Free parking for the tour has generously been provided by Wesley Church and Foundation in their lot behind the church on the SW corner of Green Street and Goodwin. The lot can be entered off Matthews or Goodwin Aves. The Krannert Center garage is a good choice if you join us for the optional, no host dinner at [The Bread Company](#). There also is metered parking on Matthews, but you must pay until 6 pm.

To register, send an email to tours@TheIllinoisClub.org (preferred method) or leave a voicemail at 217-398-8124 by January 31. Include the following information: your name, phone number, email address, and whether you plan to attend the tour only or the tour and the dinner.
